**NATIONAL LAW UNIVERSITY
DELHI
PRESENTS**

**A CULTURAL & MUSICAL FIESTA
3-5 MARCH 2017**

Message from team Kairos

There are traditions, festivals and then there are opportune moments to break free from the relentless drone of daily life. Bringing together the most relevant cultural phenomenon, Kairos is the cynosure of civilization.

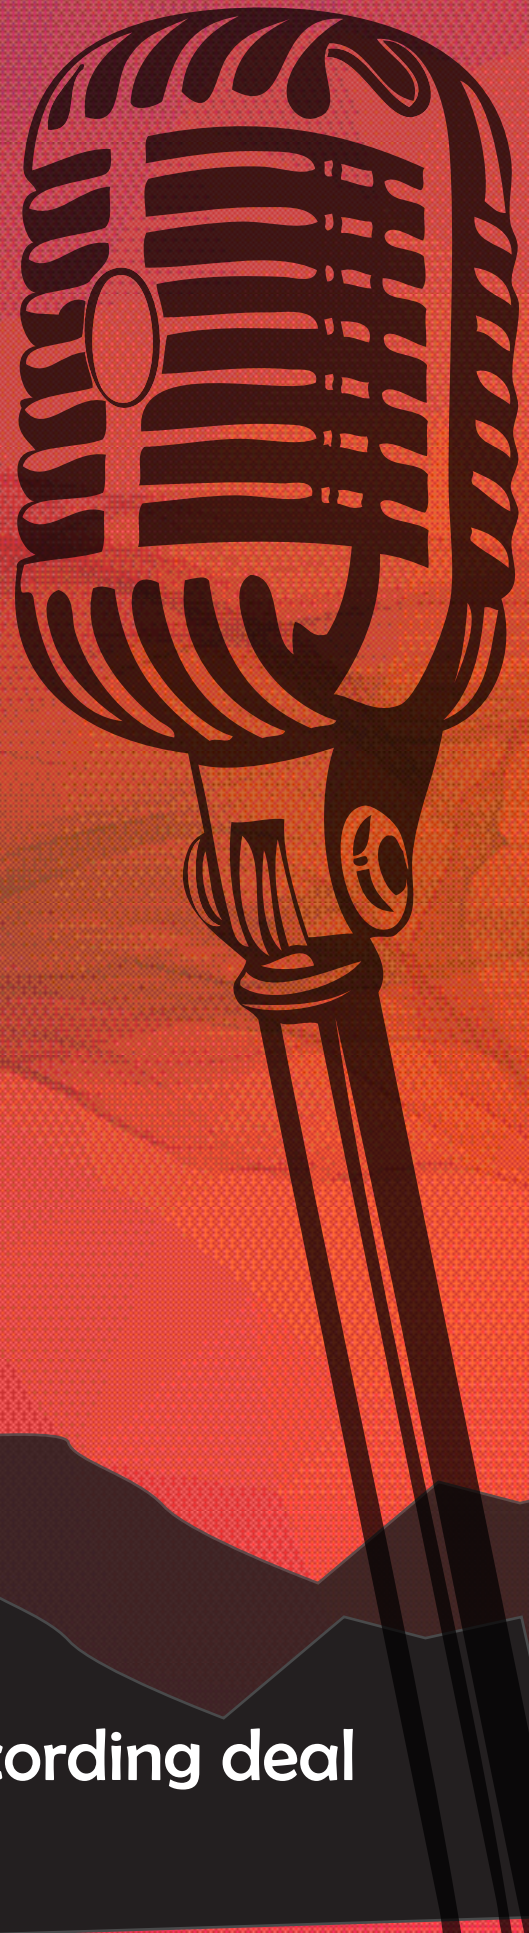

This year, the theme of the fest will be “break free”, as a celebration of the progress that society has made to allow individuals to truly express themselves and as an appreciation of the struggles which individuals have made to ensure the march of such progress. With the knowledge that such progress is daily threatened, such a celebration is necessary to remind ourselves of the daily fight against such forces.

The National Law University Delhi believes in a tradition of excellence, one that extends to its annual fest Kairos 17. Join us for a weekend to remember that combines the best of music, food and entertainment. It would be a delight to host you.

Cheers!
Team Kairos
